Community Website

For the past two years, our community has led the way in distributing information to our owners. The GC3 website is full of information on contact points, news of upcoming events, forms and necessary assistance. You can even find links to popular activities in the Mesa area.

To make the website name easier to remember and use, the identifier, or URL has been shortened for your convenience.

While the old address is still valid, check out the website using the new, streamlined address for more information.

www.sve-gc3.com

Cart Shack Lights

As part of the continuing maintenance and upgrade work, the Cart Shack lighting switches are upgraded and installed. When you enter the shed, note the light switch has an automatic timer, so turn it on to the duration you need, and the switch will turn off the lights automatically.

Roof and Siding Work Continues

The past three years have passed and the roofing replacement project is entering the final months.

2018 will see us finishing up on the last eight buildings and the cart sheds.

This is where we all can shout a "Yahoo".

Progress and plan information is available on the Garden Condo III website:

www.sve-gc3.com

Garden Condo III Community Board Meetings

Monthly Presentations by your Board of Directors are held on the third Tuesday of the month throughout the winter season.

Meet in the Oakwood Room on the South side of the Village at 1:00pm. Come early, 12:30 to meet your neighbors and enjoy an afternoon snack.

We urge all owners to attend as the Board provides updates on neighborhood projects and plans. Your comments are welcome at the meetings.

On Line Voting In 2018.

We will have informational sessions in December to acquaint you with the functions.

GC3 is Social

February brings us nice weather, license plates from across the country, and friends for the winter season. So, why not have a party?

Save the date, February 28 at the Auditorium. contact Julie Hansen for more information:
